

MEALS on WHEELS CALIFORNIA CONFERENCE 2026

KONA KAI SAN DIEGO RESORT

MONDAY, MARCH 23 - WEDNESDAY, MARCH 25

MOWCA HEADS TO SAN DIEGO!

THE STUNNING WATERFRONT VIEWS AND TROPICAL CHARM OF SAN DIEGO MAKE KONA KAI THE PERFECT BACKDROP FOR BRINGING TOGETHER GREAT MINDS AND COMPASSIONATE LEADERS. THIS NEW DESTINATION OFFERS NOT ONLY THE IDEAL SETTING TO EXCHANGE BEST PRACTICES AND EXPLORE THE LATEST IN SENIOR NUTRITION AND CARE, BUT ALSO THE CHANCE TO RECHARGE, CONNECT, AND CELEBRATE THE POWER OF OUR STATEWIDE NETWORK IN A TRUE ISLAND OASIS.

Join us for 3 days of relevant learning, stimulating networking and programming designed to help agencies of all sizes.

- Sponsor Expo has a dedicated exhibition location and will have 4 opportunities to engage with participants
- Sponsors will be provided with tables, space for video screens, and display materials
- Sponsor Expo / Networking Reception with hosted bar and appetizers on Tuesday evening

MOWCA is dedicated to ensuring your ad prints to your satisfaction. The most common errors are images not converted to CMYK, low-resolution graphics, text outside the safety margin, inclusion of spot or RGB colors, and missing bleed allowances on bleed ads. Please help us by reading the following information. **Ad Submission Deadline Friday, February 14, 2026**

What to Send

- Preferred file format is a PRESS QUALITY PDF or PDF/X-1a PDF.
- TIFS and JPGs accepted at 300dpi
- We accept select native files that include all graphic support files, linked and updated; and the fonts used in the layout file.

How to Send

E-mail completed advertising files to jsimon@mowmp.org

PDF Specifications

PDFs must meet PDF/X-1a standards with 300dpi images at actual size, CMYK colors, and embedded fonts. Export or "Save As" using the PDF/X-1a settings from Adobe InDesign (preferred), Photoshop, or Illustrator.

Unacceptable File Formats

Microsoft Publisher, Word, PowerPoint
Apple Pages

Full-page bleed ads should be made to the trim size of the publication. Add .125" bleed to all four sides of the ad when creating the PDF. A safety margin of .25" must be taken into account when creating a bleed ad. Do not put any live copy closer than .25" to the trim size.

Reverse Type (White on Black) should be no smaller than 8pt. for sans serif type, and 10pt. for serif type. Bold typefaces recommended.
